Resource Person : Prof. SUDHAKAR, Head ,Dept of Electronics and Communication Science  
KRRM COLLEGE ADYAR

Name of Coordinator : Prof M. Shantha

Target Audience . ECE 2rd year students

Total no of Participants: 40

**OBJECTIVE OF THE EVENT:** : To provide the practical knowledge related to digital electronics and future scope of digital electronics.

**DESCRIPTION / REPORT ON EVENT:**

The session was handled by. Prof. SUDHAKAR , Head Dept of Electronics and Communication Science KRRM COLLEGE ADYAR. Who provided A strong intuition and insight of the dynamic of electronic components like diodes, BJTS and MOSFETS which can be used to design and optimize circuits performance. He also explains the Detailed of DC and AC analysis of BJT and MOSFETs especially for small signal analysis. According to the syllabus he covered each and every important point which will help the students to gain theoretical as well as practical knowledge..

He explained basics of digital electronics and different circuits he also explained about SOC devices, real time applications of digital electronics. Furthermore he addressed the students about future scope of digital electronics.

Event Type : Guest lecture

Date / Duration : 30<sup>th</sup> April 2021 , forenoon

Resource Person : Ms. K. SARANYA Research Scholar Bharathiyar University

Name of Coordinator : Prof M.Sathiya

Target Audience . ECE 3rd year students

Total no of Participants: 28

**OBJECTIVE OF THE EVENT:** To provide the knowledge related to microcontroller based system for implementation of projects and to provide complete idea of different steps involved in the implementation of microcontroller based system.

**DESCRIPTION / REPORT ON EVENT:**

A guest lecture on “Microcontroller 8051” was held on 30<sup>th</sup> April 2021. The guest lecture has been organized by the department of Electronics and communication Science to provide the students with an opportunity to get a head start in Microcontroller , which is also a part of the syllabus for the 6th semester ECS students

The III year ECE students (around 28) were attended this Lecture. This Lecture covered the following topics

Basic of Microprocessor and Microcontroller, 8051 and PIC Microcontroller, ARM Processor, Interfacing Units, Applications Discuss about Projects. We organized this guest lecture effectively; it is very useful for students.

Feedback / Suggestions :

1. One and half an hour is insufficient to understand concepts related to both software and hardware.
2. More explanation is needed with suitable examples or applications
